SENIOR SHOPIFY DEVELOPER | THEME & APP ENGINEERING | THIRD-PARTY INTEGRATIONS

With over 5 years of hands-on experience in the Shopify ecosystem, I specialize in theme development, customization, and integration of third-party apps and APIs. From editing Liquid themes to building custom themes from scratch, I have successfully deployed scalable and conversion-focused storefronts using HTML, CSS, JavaScript, and Liquid. I also bring expertise in Node.js-based micro-apps, RESTful APIs, and end-to-end Shopify workflows, including snippet insertion, modularization, and performance optimization. Backed by over 10 years in web development and 6+ years in the Shopify ecosystem, 2+ in team leadership, I bring technical precision, architectural thinking, and mentoring skills to fast-paced, fully remote teams.

EXPERIENCE

Shopify Developer - 3dids - Shopify Development Agency (Remote, Part-Time)

Spain & Mexico | Feb 2025 – Present

- *Worked on theme development and customizations for Spanish and Latin American brands using Shopify and Shopify Plus.*
- *Translated client requirements into modular and scalable Liquid components, ensuring mobile responsiveness and fast load times.*
- *Integrated third-party tools including Klaviyo, Judge.me, and Sendcloud, optimizing workflows and customer engagement.*
- *Collaborated with designers and PMs to deliver UX-focused storefronts aligned with brand guidelines.*
- *Improved performance through lazy loading strategies, metafield-driven content rendering, and efficient asset management.*

Customer Support Engineer – Essential Apps - Shopify Development Agency (Remote, Part-Time)

Vilnius | Jan 2025 – Present

- *Collaborated with the development team on scalable Shopify-based services.*
- *Assisted in debugging and integrating distributed modules using JavaScript, Liquid, and JSON.*
- *Ensured uptime and observability by improving deployment documentation and system monitoring.*

Shopify Developer – FJ Solutions Agency - Shopify App & Theme Development Agency (Remote)

Buenos Aires | Dec 2023 – Aug 2024

- *Led implementation of frontend architecture for Shopify Plus stores with REST API integrations.*
- *Mentored junior developers in JavaScript and theme customization.*
- *Participated in Agile planning and sprint retrospectives using ClickUp.*

Customer Support Executive – Wiser AI - Shopify App (Remote)

Long Island & Indore | Feb 2022 – Sep 2023

- *Supported an AI-driven SaaS platform with microservices architecture.*
- *Worked with backend engineers to troubleshoot distributed API communication issues.*
- *Documented technical workflows and trained new team members on platform behavior.*

Customer Support Specialist – PageFly - Shopify App (Remote)

Hanoi | Jan 2020 – Dec 2021

- *Provided tier-2 technical support for a front-end builder using React-like interface.*
- *Developed and maintained internal documentation and functional QA processes.*

Customer Support Manager – TRASA

Buenos Aires | Oct 2018 – Dec 2019

- *Managed support operations during post-merger system integration.*
- *Coordinated cross-departmental communication for platform migration across 200+ accounts.*

SKILLS

- *Main Tech Stack: JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS, Liquid, JSON, Node.js, React.js.*
- *Intermediate-Advanced Stack: C#, SQL, MySQL, Ruby on Rails, jQuery, JSON, Python, PHP and more.*
- *Architecture: Microservices, RESTful APIs, Distributed Systems, CI/CD, GraphQL*
- *Cloud & DevOps: AWS (basic), Version Control (Git), Monitoring Tools*
- *Leadership: Agile Methodologies, Technical Mentoring, Code Reviews, Documentation*
- *Soft Skills: Team Leadership, Communication, Process Improvement, Mentorship*
- *Languages: Spanish (Native), English (B2 – CEFR)*
- *Shopify Stack: Shopify CLI, Liquid, Storefront API, Admin API, Polaris, GraphQL, metafields, custom snippets, theme development from scratch, third-party app integrations, headless commerce, Hydrogen, Shopify Functions, checkout extensibility, asynchronous APIs, Node.js for app scripting, dynamic content rendering, performance optimization, and A/B testing for conversion.*

CERTIFICATIONS & EDUCATION

Shopify App Developer Certificate – Apr 2023

Shopify Fundamentals Certificate – Apr 2021

Engineering in Mechatronics (in progress) – Expected 2027

PERSONAL PROJECT

<https://calorfy.com/>

Calorfy – AI-powered nutrition and meal planning mobile app MVP built with React Native, Expo Go, and Firebase and more. Features AI-based food image recognition, personalized calorie and macronutrient tracking, and real-time data syncing.

Key technologies and features include React Native, Expo Go, Firebase Auth & Firestore, RESTful APIs, image recognition AI services, user analytics, and performance optimizations like lazy loading and offline support.

Available for full-time remote leadership roles. Strong background in technical team coordination, software architecture, and SaaS development.
